Provided also that SVH telegrams and Government telegrams for which the sender has requested priority in transmission shall be delivered at once."

19. For rule 258 of the said rules, the following rule shall be substituted, namely:—

"258. When a telegram cannot be delivered the telegraph office of destination shall send with the minimum of delay a service advice to the telegraph office of origin stating the cause of non-delivery and the amount of bearing charges, if any unpaid at destination and payable by the sender; such advice shall, where possible, be communicated to the sender by the office of origin.

When a *poste restante* (=GP-) registered *poste restante* (=GP-), or telegraph *restantetelegram* (=TR=), or a telegram to be delivered to a hotel, club, shipping or tourist agency, etc., has not been claimed by the addressee and is returned to the telegraph service, the office of destination shall without delay notify non-delivery to the office of origin."

In the case of a reply telegram form delivered in India and not used by the addressee, the addressee shall, if the sender desires a refund, send to the Telegraph Check Office before the expiration of four months from the date of issue, the reply telegram form accompanied by an application for refund in favour of the sender."

When a telegram with special instruction -FS- bears one address only, the office of destination shall replace this address by the new address, if any, furnished at the addressee's abode and send on the telegram to the new destination. The same procedure shall be followed until the telegram is delivered or no further address is furnished. The sender of a telegram to follow must be warned that if the telegram is forwarded he will have to pay any redirection charges not collected on delivery.

285A. The initial charge payable for a telegram to follow shall be the charge for the transmission of a foreign telegram of the same class and length to the first destination, all the addresses being counted in the number of words. Any supplementary charge payable shall be collected from the addressee and shall be reckoned on the basis of the number of words transmitted at each redirection:

Provided that in the case of reported non-delivery of the telegram or reported refusal on the part of the addressee to pay the supplementary charges consequent upon redirection, all such charges shall be collected from the sender who shall be responsible for charges that may be incurred under this rule.

If, however, redirections take place within the limits of the country of the office of destination, the supplementary charges to be collected shall be reckoned for each redirection at the internal tariff of that country.

No additional charge shall be levied for redirection of a foreign telegram 'to follow' received in India if the new address is within the same town as the original address, but if the redirection involves transmission to a different town, the charge for redirection shall be the full rate for a telegram of the class indicated, as prescribed in rule 60 or in the Tariff Table of the Telegraph Guide according as the redirection involves re-transmission by inland or by foreign telegram. If such class is not admitted the full rate shall be applicable.

286A. When a telegram to follow bears one or both of the special instructions -RPx- and -PC- and when it has to be redirected, the reforwarding office shall retain before the address the special instructions as received, prepaid voucher, if prepared, shall be cancelled before reforwarding it.

After handing in a telegram not bearing the special instruction -FS-, or upon receipt of an advice of non-delivery of such a telegram the sender may request the insertion of the instruction -FS- by a paid service advice specifying the new address or addresses."

Phototelegrams of larger dimensions than those admitted in a particular service must be divided into parts by the sender who shall also indicate the order of transmission of the parts in such cases. - (g) A refund of the total charge for the telegram for change or alteration, in the course of transmission of the name of the office of origin or of the date of handing in with the result that the telegram has not fulfilled its purpose.
- (h) A refund of the charge for a word or words omitted in transmission unless the charge for a part of the text is refunded by application of clause (j), or the error has been remedied by means of a service advice (paid or unpaid).
- (i) A refund of the total charge for the telegram for errors in transmission or omission of words regarding which the Administration has ascertained that the meaning of a plain language telegram has been altered or rendered unintelligible, unless the error or omission has been remedied by a service advice, paid or unpaid, provided that a mistake in the transmission of a check word or number shall give a right to refund only if it relates to a telegram that was collated.
- (j) A refund of the charge for a part of the text of a collated telegram in secret language or of a telegram in plain language regarding which the Administration is satisfied that, due to errors in transmission or omission of words, that part of the text has been unable to fulfill its purpose unless the error or omission has been remedied by means of a service advice (paid or unpaid), provided that a mistake in the transmission of a check word or number shall give a right to refund only if it relates to a telegram that was collated.
- (k) A refund of the total charge for a paid service advice, the despatch of which was necessitated by error of service.
- (l) Save as provided by rule 367, a refund of the proportionate amount paid for the repetition, by paid service advice, of words incorrectly reproduced in the original telegram, but not for words correctly transmitted originally, unless the Administration is satisfied that the mistake made prevented the words which have not been altered

from being understood, in which case the charge for words correctly transmitted shall also be refunded.

- (m) A refund of the total charge for the request telegram including the amount for the prepaid reply which has obviously not been able to fulfil its purpose owing to a service error in the request telegram or in the reply telegram or in the treatment of one of these telegrams.
 - (n) A refund of the amount paid for the reply where prepaid reply telegram form has not been used and is surrendered to an office of the Administration of the country of origin or of the country of destination before the expiration of a period of four months from the date of issue (rule 274).
 - (o) A refund for the amount paid for the reply for a prepaid reply telegram form refused by the addressee of the telegram or not delivered because the addressee cannot be found, even without a claim on the part of the sender provided it is possible to find and identify the latter (rule 275).
 - (p) A refund of the difference between the amount notified on a reply telegram form as prepaid and the amount of the charge for the telegram franked by means of such reply telegram form, if this difference be not less than Rs. 3.13 nP. provided that application is made within four months of the date of issue of the reply form.
 - (q) A refund of the accessory charge for a special service which has not been performed including the charge for the relative special instruction provided that the charges for special instructions shall not be refunded in the case where non-performance of the special services is not the result of an error on the part of the telegraph service.
 - (r) A refund for the special service charge and the special instruction charge for faults or omissions in collated telegrams besides the amount refunded under clauses (h) to (j).
 - (s) A refund of the charge for the notification of delivery where notification of delivery was not despatched because it had proved impossible to deliver the telegram.
 - (t) A refund of the charge paid less one third of the minimum charge for a phototelegram cancelled at the request of the sender or his duly authorised representative, if the cancellation enables the Telegraph Office to prevent the transmission of the phototelegram by the Overseas Communication Service, before it has begun.
371. In the case provided for by clause (a), clause (c) and clauses (f) to (j) of rule 370, the refund shall apply only to the actual telegrams which have failed to be delivered or which have been cancelled, delayed or altered including unused accessory charges, but not to messages which may have been caused or rendered useless by the non-delivery, delay or alteration, the charge for words cancelled by paid service advice shall not, in any case, be refunded.
- When a land station advises the telegraph office of origin that a radio telegram cannot be transmitted to the mobile station of destination, the office of origin shall, save as provided in rule 374, at once take steps to refund to the sender the land and mobile station charges relating to the radiotelegram; when the acknowledgement of receipt of a radiotelegram has not reached the station which transmitted it, the charge shall be refunded only when it has been shown that the radio telegram gives rise to reimbursement. When the land station has forwarded a radiotelegram to the mobile station by means other than wireless telegraphy, the land station charge shall be retained by the Administration to which the land station is subject and the mobile station charge only shall be refunded to the sender through the Administration to which the office of the origin is subject.
373. In the case of a partial refund in respect of a foreign multiple telegram, the amount to be refunded shall be the copying fee for the appropriate address PLUS the charge for the address at the rate per word for the telegram, excluding the name of the office of destination.
374. The provisions of rules 370 to 373 shall not be applicable to telegrams passing over the lines of an Administration which itself refuses to

submit to the obligation of refund. When errors due to the telegraph service have been corrected by paid service within the periods mentioned in rule 370(a) reckoning from the time of handing in the original telegram, the refund shall only cover the charges for the service advices and no refund shall be due for the telegrams to which these advices refer. No refund shall be granted for rectifying telegrams which instead of being exchanged from office to office in the form of paid service advices have been exchanged directly between the sender and the addressee. No refund shall be granted for unsatisfactory transmission, non-delivery or delayed delivery of phototelegrams accepted or transmitted at the risk of the sender."

42. After rule 375 of the said rules, the following rule shall be inserted, namely:—

"375A. Claims for refund may, however, be made to the Administration of origin through another Administration by a sender who does not reside in India, though he tendered his telegram in India."

43. In rule 380 of the said rules, for the words "ten months" the words "six months" shall be substituted.
